

5 Top most publications

- 1 Reaction of harmidine/harmaline with BrCN-A facile mono-and di-bromination at α -carbon of the imine tautomer, S. Siddiqui, B. S. Siddiqui and **Sabira Begum**, *Z. Naturforsch*, **40b**, 1747-1748 (1985).
- 2 Prolonged treatment of acetylmethyl ursolic acid with H₂O₂/acetic acid – A facile one-pot synthesis of 15 α -hydroxy analogue, S. Siddiqui, B. S. Siddiqui, Qayyum Adil and **Sabira Begum**, *Tetrahedron*, **46**, 3569-3580 (1990).
- 3 Two cytotoxic pentacyclic triterpenoids from *Nerium oleander*, B. S. Siddiqui, **Sabira Begum**, S. Siddiqui and Wolf Lichter, *Phytochemistry*, **39**, 171-174 (1995).
- 4 Structure and Spasmolytic Activity of Eucalyptanoic Acid from *Eucalyptus camaldulensis* var. *obtusa* and synthesis of its active derivative from oleanolic acid, **Sabira Begum**, Ishrat Sultana, B. S. Siddiqui, Farhana Shaheen and A. H. Gilani, *J. Nat. Products*, **65**, 1939-1941 (2002).
- 5 A Rapid, Mild, Efficient and Solvent-Free Friedel-Crafts Acylation of NAcetyltetrahydroharmine, **Sabira Begum**, S. I. Hassan and B. S. Siddiqui, *Synthetic Communications*, **35**, 23-39 (2005).
